HONG KONG EXAMINATIONS AND ASSESSMENT AUTHORITY HONG KONG DIPLOMA OF SECONDARY EDUCATION EXAMINATION 2021

# BUSINESS, ACCOUNTING AND FINANCIAL STUDIES PAPER 1

8:30 am – 9:45 am (1 hour 15 minutes) This paper must be answered in English

#### **GENERAL INSTRUCTIONS**

- (1) There are **TWO** sections, A and B, in this Paper. Section A consists of multiple-choice questions and Section B contains short questions.
- (2) Answer ALL questions in Section A. There are two parts in Section B: Answer ALL questions in Part 1 and ONE of the two questions in Part 2.
- (3) Answers to Section A should be marked on the Multiple-choice Answer Sheet while answers to Section B should be written in the Answer Book. In the Answer Book, start EACH question (not part of a question) on a NEW page.
- (4) The Answer Sheet for Section A and the Answer Book for Section B must be handed in separately at the end of the examination.

#### INSTRUCTIONS FOR SECTION A (MULTIPLE-CHOICE QUESTIONS)

- (1) Read carefully the instructions on the Answer Sheet. After the announcement of the start of the examination, you should first stick a barcode label and insert the information required in the spaces provided. No extra time will be given for sticking on the barcode label after the 'Time is up' announcement.
- (2) When told to open this book, you should check that all the questions are there. Look for the words 'END OF SECTION A' after the last question.
- (3) All questions carry equal marks.
- (4) **ANSWER ALL QUESTIONS.** You are advised to use an HB pencil to mark all the answers on the Answer Sheet, so that wrong marks can be completely erased with a clean rubber. You must mark the answers clearly; otherwise you will lose marks if the answers cannot be captured.
- (5) You should mark only **ONE** answer for each question. If you mark more than one answer, you will receive **NO MARKS** for that question.
- (6) No marks will be deducted for wrong answers.

Not to be taken away before the end of the examination session

#### SECTION A (60 marks)

There are 30 questions in this section. Answer ALL questions. Choose the best answer for each question.

- 1. Which of the following statements about the World Trade Organization is/are correct?
  - (1) It enforces the rules of international trade among members.
  - (2) It helps developing countries increase their trading opportunities.
  - (3) It eliminates trade barriers among members.
  - A. (1) only
  - B. (1) and (2) only
  - C. (2) and (3) only
  - D. (1), (2) and (3)
- 2. Product departmentalisation means \_\_\_\_\_.
  - A. different departments serve customers of different countries
  - B. different product lines are developed for different markets
  - C. workers are divided according to the stage of production

reduce administrative work

C. unity of command

D. management by objectives

The following is a list of all account balances of Lee's firm as at 31 December 2020: 9.

|                      | \$      |
|----------------------|---------|
| Accounts receivables | 55 000  |
| Bank overdraft       | 2 500   |
| Inventory            | 21 200  |
| Loan to Mr Chan      | 18 000  |
| Cash                 | 23 000  |
| Accounts payables    | 42 300  |
| Equipment            | 121 000 |
| Capital              | ?       |
|                      |         |

What is the balance of the capital account as at 31 December 2020?

| А. | \$157 400 |
|----|-----------|
| В. | \$162 400 |
| C. | \$193 400 |

- D. \$198 400
- 10.

Which of the following is a difference between a bank overdraft and a personal loan?

|    |                           | <u>Bank overdraft</u> | <u>Personal loan</u> |
|----|---------------------------|-----------------------|----------------------|
| А. | interest rate             | lower                 | higher               |
| B. | repayment arrangement     | flexible              | fixed                |
| C. | pre-approved credit limit | no                    | yes                  |
| D. | monthly minimum payment   | yes                   | no                   |

- 11. Which of the following will reduce the gross profit of a firm?
  - (1) drawing of goods
  - (2) increase in carriage inwards
  - (3) increase in electricity expenses
  - A. (1) only
  - B. (2) only
  - C. (3) only
  - D. (1) and (2) only

12. Which of the following are the characteristics of a public corporation?

- (1) The government participates in its daily operations.
- (2) The chairperson of the board of directors is appointed by the government.
- (3) It is a separate legal entity.
- A. (1) and (2) only
- B. (1) and (3) only
- C. (2) and (3) only
- D. (1), (2) and (3)
- 13. Which of the following statements about a trial balance is/are correct?
  - (1) If the trial balance agrees, there are no errors in the account balances.
  - (2) The trial balance shows all the account balances of a firm.
  - (3) If the total of the debit side of an account is smaller than the credit side, the account balance is shown in the credit column of a trial balance.
  - A. (1) only
  - B. (2) only
  - C. (1) and (3) only
  - D. (2) and (3) only
- 14. Which of the following will have an adverse impact on the credit rating of a person?
  - (1) A person has a bankruptcy record.
  - (2) A person failed to meet the loan repayment schedule before.
  - (3) A person has been unemployed for more than 1 year.
  - A. (1) and (2) only
  - B. (1) and (3) only
  - C. (2) and (3) only
  - D. (1), (2) and (3)
- 15. Which of the following about the statement of financial position is/are correct?
  - (1) It reveals the liquidity of a firm.
  - (2) Non-current assets are listed according to their total amounts in descending order.
  - (3) It reveals the financial status of a firm for a period of time.
  - A. (1) only
  - B. (2) only
  - C. (1) and (3) only
  - D. (2) and (3) only

- 16. Which of the following firms are fulfilling their social responsibility towards stakeholders during the spread of COVID-19?
  - (1) An interior design company which allows its employees to work from home.
  - (2) A restaurant which offers discounts to dine-in customers.

  - A. (1) and (2) only
  - B. (1) and (3) only
  - C. (2) and (3) only
  - D. (1), (2) and (3)
- 17. A newly-established electric car manufacturer sets the following target:

'We shall become the leader in the electric car market next year.'

Which of the following criteria for good objectives is/are fulfilled in the target?

- (1) specific
- (2) time-bound
- (3) measurable
- A. (1) only
- B. (2) only
- C. (3) only
- D. (1) and (2) only
- 18. On 31 December 2020, Sunview Company decided to close the business three months later. On that date, its non-current assets were recorded at \$3 800 000 and its liquidation value was \$2 098 000.

According to the \_\_\_\_\_, the value of the non-current assets shown in the statement of financial position of Sunview Company as at 31 December 2020 should be \_\_\_\_\_.

- A. going concern assumption ..... \$2 098 000
- B. going concern assumption ..... \$3 800 000
- C. historical cost concept ..... \$2 098 000
- D. historical cost concept ..... \$3 800 000
- 19. What is the main reason for a business to compile a code of ethics?
  - A. This is required by law.
  - B. This could reduce the cost of production.
  - C. This could improve the firm's image and maximise its profit.
  - D. This provides rules and standards for employees.
- 20. Which of the following statements about the Mandatory Provident Fund (MPF) System is/are correct?
  - (1) Employees can make voluntary contributions in addition to mandatory contributions to the MPF scheme.
  - (2) Mr Lam is a 68-year-old taxi driver with a monthly income of \$10 000. He is required to contribute \$500 each month to the MPF scheme.
  - (3) Mr Chan is a self-employed hawker who earned a net income of \$120 000 last year. He was required to contribute \$6 000 to the MPF scheme.
  - A. (1) only
  - B. (1) and (2) only
  - C. (1) and (3) only
  - D. (2) and (3) only

- 21. Which of the following statements about small and medium enterprises (SMEs) in Hong Kong is correct?
  - A. The scale of an SME is so small that it cannot practise division of work.
  - B. The owners enjoy limited liability.
  - C. Most of them are engaged in secondary industries.
  - D. Enterprises in the non-manufacturing sector with fewer than 50 employees are SMEs.
- 22. Information about Shun Kee and Kam Kee for the year ended 31 December 2020 is shown below:

|                    | Shun Kee | Kam Kee |
|--------------------|----------|---------|
|                    | \$000'   | \$000'  |
| Sales              | 8 800    | 15 000  |
| Cost of goods sold | 2 400    | 2 600   |
| Operating expenses | 2 800    | 9 800   |

Based on the information above, which of the following statements is correct?

- A. Kam Kee had a lower gross profit.
- B. Kam Kee had a higher return on capital employed.
- C. Kam Kee had better control over operating expenses.
- D. Kam Kee had a lower net profit ratio.

23. Which of the following statements about debentures are correct?

- (1) Investors with lower risk tolerance level usually prefer investing in debentures to stocks.
- (2) Debenture holders will receive higher interest if the market interest rate increases.
- (3) Repayment of principal is made to debenture holders on the maturity date.
- A. (1) and (2) only
- B. (1) and (3) only
- C. (2) and (3) only
- D. (1), (2) and (3)
- 24. Which of the following is/are benefit(s) to Hong Kong brought about by globalisation?
  - (1) easier to recruit experts from overseas
  - (2) cheaper supplies of materials
  - (3) reduce competition among firms
  - A. (1) only
  - B. (2) only
  - C. (3) only
  - D. (1) and (2) only
- 25. The production manager of a factory decided to produce 1 000 units of products by the end of 2021. He has arranged the production schedule and deployed the necessary resources and manpower. Which step in the planning process will be undergone next?
  - A. evaluate alternatives
  - B. formulate the action plan
  - C. implement the action plan
  - D. set the goal

26. Which of the following double entries is/are correct?

|     | Transaction   | Account to be debited | Account to be credited |
|-----|---|-----------------------|------------------------|
| (1) | Purchased a motor van by cheque from<br>Silver Company                  | Motor vans            | Silver Company         |
| (2) | Received commission by cheque from<br>Mr Leung                          | Bank                  | Commission income      |
| (3) | The owner paid the rental expenses of the firm with his personal cheque | Rental expenses       | Capital                |

- A. (1) only
- B. (2) only
- C. (2) and (3) only
- D. (1), (2) and (3)
- 27. Ben has just retired. He wants to invest his provident fund to earn a stable income. Which of the following financial instruments is most suitable to him?
  - A. constituent stocks of the Hang Seng Index
  - B. stocks listed on GEM
  - C. term deposits
  - D. savings deposits
- 28. A Mainland frozen food company plans to establish a branch in Hong Kong. Which of the following is/are the support provided by the company's information manager to the marketing manager?
  - (1) process data about the frozen food market in Hong Kong
  - (2) collect information about suppliers of freezing systems

  - A. (1) only
  - B. (1) and (2) only
  - C. (2) and (3) only
  - D. (1), (2) and (3)
- 29. Which of the following is an example of a real account?
  - A. purchases account
  - B. trade receivables account
  - C. discounts allowed account
  - D. electricity expenses account
- 30. Assuming the interest on an investment project is compounded semi-annually, which of the following statements about its nominal rate of return and effective rate of return are correct?
  - (1) The effective rate of return of the project is higher than its nominal rate of return.
  - (2) The effective rate of return of the project will be higher if its interest is compounded quarterly instead.
  - (3) The effective rate of return of the project will be lower if the investment amount is lower.
  - A. (1) and (2) only
  - B. (1) and (3) only
  - C. (2) and (3) only
  - D. (1), (2) and (3)

#### **END OF SECTION A**

#### SECTION B (30 marks)

Part 1 (20 marks) Answer ALL questions in this part.

- 1. David and Raymond operate a media service business with offices in Hong Kong and other Asian countries. If a shareholder wants to transfer his shares to new investors, approval must be obtained from the board of directors. To help with expansion, David suggests changing the form of business ownership so that more funds can be raised from issuing shares to the public. However, Raymond worries that the new form of business ownership will have some disadvantages for the business, as compared with the existing form.
  - (a) Explain whether the above business is a multinational corporation. (2 marks)
  - (b) (i) Identify the current form of ownership of the media service business. (1 mark)
    - (ii) Explain two disadvantages of the new form of business ownership, as compared with the existing form. (4 marks)
- 2. Jenny is an inexperienced investor. Recently, her friend recommended buying the shares of a real estate development company. The company operates shopping malls and hotels in Hong Kong. Its shares is one of the constituent stocks of the Hang Seng Index.
  - (a) (i) What does the Hang Seng Index reflect? (1 mark)
    - (ii) Give one way that Jenny can use the Hang Seng Index to make investment decisions. (1 mark)
  - (b) Ignoring other factors, explain how the following situation may affect the share price of the real estate development company:

When the epidemic eased, the government removed the entry restriction for non-local residents implemented during the spread of COVID-19.

(3 marks)

(2 marks)

(c) List two Jenny's rights as a share investor.

Jeffery commenced a firm as a sole trader on 1 April 2021 with \$80 000. The following is the bank account of the firm for April:

|        | Bank    |        |        |                 |        |  |
|--------|---------|--------|--------|-----------------|--------|--|
| 2021   |         | \$     | 2021   |                 | \$     |  |
| Apr 1  | Capital | 80 000 | Apr 5  | Rental expenses | 37 000 |  |
| Apr 18 | Sales   | 15 000 | Apr 19 | Equipment       | 62 000 |  |

(a) Based on the above account, prepare two relevant nominal accounts to complete the double entries. Balancing off the accounts is not required. (2 marks)

(b) Prepare an extract of the statement of financial position for Jeffery as at 30 April 2021 to present the bank account balance and its classification. (2 marks)

On 1 May 2021, Jeffery purchased a second-hand motor car on credit at \$50 000 for his personal use. The bookkeeper of the firm recorded the transaction as follows:

|       |                | Other  | payables |            |        |
|-------|----------------|--------|----------|------------|--------|
| 2021  |                |        |          | \$         |        |
|       |                |        | May 1    | Motor cars | 50 000 |
|       |                |        |          |            |        |
|       |                | Mot    | or cars  |            |        |
| 2021  | · ·            | \$     |          |            |        |
| May 1 | Other payables | 50 000 |          |            |        |
|       |                |        | 1        |            |        |

(c) Explain the accounting principle or concept that has been violated in the above case. (2 marks)

3.

Part 2 (10 marks) Answer ONE question in this part.

4.

Chan Kee is a shop selling household products. The account balances as at 31 December 2020 extracted (A) from its books were as follows:

|                               | \$      |
|-------------------------------|---------|
| Bank loan (due in March 2021) | 30 000  |
| Bank                          | 20 000  |
| Fixed deposit (for 6 months)  | 50 000  |
| Inventory                     | 180 000 |
| Trade payables                | 100 000 |
| Trade receivables             | 120 000 |

In 2020, the industry averages of the working capital ratio and acid test ratio were 1.9:1 and 1.0:1 respectively.

Calculate (to two decimal places) the following ratios for 2020 for Chan Kee: (a)

| (i)  | working capital ratio |           |
|------|-----------------------|-----------|
| (ii) | acid test ratio       | (2 marks) |
|      |                       | (2 1 )    |

- (3 marks) Briefly comment on the liquidity of Chan Kee on 31 December 2020. (b)
- Fancy Company sells computers and accessories. At the beginning of 2021, the General Manager of the (B) company announced its goal to cut its overall costs by 30% in one year. To achieve the goal, the marketing department reduced the budgeted promotion expenses by 25%; the operations department sourced cheaper suppliers in order to reduce the total purchase cost by 15%; and the human resources department planned to streamline the company's structure to save 20% of the labour costs.
  - Apart from division of work, state the principle of effective management that has been (c) (i) (1 mark) applied in the above case.
    - Explain two advantages for Fancy Company of applying the principle of effective (ii) (4 marks) management in (c)(i) above.

(Total: 10 marks)

5.

(A) Mr Wong started a garment firm on 1 April 2021. The following balances were obtained from the books as at 30 April 2021:

| )0 |
|----|
| 0  |
| )0 |
| 15 |
| )0 |
| )0 |
|    |

The inventory as at 30 April 2021 was valued at \$18 000.

....

| (a) | Prepare an income statement for the month ended 30 April 2021.           | (5 marks) |
|-----|--|-----------|
| (b) | Explain one use to the government of the income statement of a business. | (1 mark)  |

(B) Lucky Company is a small and medium enterprise with three departments: human resources department, marketing department and production department.

(c) Draw an organisation chart to show the departmentalisation of Lucky Company. (1 mark)

- (d) (i) Which department manager in Lucky Company possesses both line authority and staff authority? (1 mark)
  - (ii) Explain how the manager mentioned in (d)(i) above exercises line authority and staff authority. (2 marks)

(Total: 10 marks)

#### END OF PAPER

PAPER 2A

HONG KONG EXAMINATIONS AND ASSESSMENT AUTHORITY HONG KONG DIPLOMA OF SECONDARY EDUCATION EXAMINATION 2021

# BUSINESS, ACCOUNTING AND FINANCIAL STUDIES PAPER 2A Accounting Module

10:30 am – 12:45 pm (2 hours 15 minutes) This paper must be answered in English

### INSTRUCTIONS

- (1) There are three sections in this paper.
- (2) All questions in Section A are compulsory. You are required to **answer two of the three questions in Section B** and one of the two questions in Section C.
- (3) Write your answers in the answer book. Start **EACH** question (not part of a guestion) on a **NEW** page.

Not to be taken away before the end of the examination session

#### SECTION A (24 marks, weighting 30%)

Answer ALL questions in this section.

- 1. The following information is about Nancy Company for the year ended 31 December 2020:
  - (i) The summary of receipts for rental income is as follows:

| Rental period                       | Receipt date     | \$      |
|-------------------------------------|------------------|---------|
| 1 September 2019 - 29 February 2020 | 11 November 2019 | 390 000 |
| 1 March 2020 - 31 August 2020       | 2 April 2020     | 390 000 |
| 1 September 2020 - 28 February 2021 | 10 January 2021  | 429 000 |

From 1 September 2020, there was an increase in monthly rental income.

(ii) The summary of payments for fixed repair and maintenance expenses is as follows:

| Service period                    | Payment date    |                      |
|-----------------------------------|-----------------|----------------------|
| 1 November 2019 - 31 January 2020 | 31 January 2020 |                      |
| 1 February 2020 - 30 April 2020   | 30 April 2020   | Total amount paid    |
| 1 May 2020 - 31 July 2020         | 31 July 2020    | in 2020 was \$65 520 |
| 1 August 2020 - 31 October 2020   | 31 October 2020 |                      |
| 1 November 2020 - 31 January 2021 | 3 February 2021 |                      |
|                                   |                 |                      |

From 1 August 2020, the monthly repair and maintenance expenses increased by 20%.

Note:

On 28 December 2020, a cheque dated 3 January 2021 from a customer, Fanny Company, had been received. The cheque was paid for the service to be provided by Teddy Limited in January 2021. (i)

### **REQUIRED:**

| (a) | Update the cash at bank account of Teddy Limited.               | (4 marks) |
|-----|---|-----------|
| (b) | Prepare a bank reconciliation statement as at 31 December 2020. | (2 marks) |

Briefly explain, with the most relevant accounting principle or concept, whether the receipt in note (i) (c) should be recorded as revenue in the year 2020 by Teddy Limited. (2 marks)

(Total: 8 marks)

3. Megan Company produces and sells three kinds of water sports gears: paddles, kayaks and surfboards. The proportion of sales quantity of paddles and kayaks is maintained at a sales mix ratio of 2:1. Budgeted figures for the products for next year are as follows:

|                                    | Paddle      | Kayak       | Surfboard   |
|------------------------------------|-------------|-------------|-------------|
| Unit of production and sales       | 5 000 units | 2 500 units | 4 000 units |
| Selling price per unit             | \$80        | \$500       | \$400       |
| Direct material cost per kg        | \$50        | \$75        | \$60        |
| Direct materials per unit          | 0.5 kg      | 4 kg        | 2 kg        |
| Direct labour cost per unit        | \$4         | \$12        | \$70        |
| Selling expenses per unit          | \$1         | \$18        | \$10        |
| Fixed manufacturing overhead costs | \$120 000   | \$120 000   | \$960 000   |

#### **REQUIRED:**

- (a) Calculate:
  - (1) the production cost per unit of surfboards.
  - (2) the contribution margin per sales mix of paddles and kayaks.

(3 marks)

(b) Assuming 3 000 units of kayaks will be sold next year, and the sales mix ratio of paddles and kayaks will be maintained, calculate the sales quantity of surfboards at which Megan Company will break even.

(2 marks)

(c) Assuming 4 920 units of surfboards will be sold next year, and the sales mix ratio of paddles and kayaks will be maintained, calculate the sales quantity of paddles at which Megan Company will achieve a target profit of \$270 000.
(3 marks)

(Total: 8 marks)

2021-DSE-BAFS 2A-4

### SECTION B (24 marks, weighting 45%)

Answer TWO questions in this section.

4. The account balances of Jacky Company as at 1 March 2021 are as follows:

|                                       | \$     |    |
|---------------------------------------|--------|----|
| Bank                                  | 800    | Cr |
| Cash                                  | 18 500 |    |
| Trade receivables - Mandy             | 5 600  |    |
| Trade payables - Vincy                | 4 880  |    |
| Inventory (550 units)                 | 16 500 |    |
| Prepaid operating expense (for March) | 1 000  |    |
|                                       |        |    |

The company uses the weighted average cost method for inventory valuation.

The transactions of Jacky Company during March 2021 are as follows:

March

- 2 Mandy settled the balance on 1 March by cheque with a cash discount of 5%.
- 3 Paid \$2 400 cash to Vincy to settle half of the outstanding amount on 1 March.
- 6 Purchased goods of \$32 each from Paul by cheque for \$14 400.
- 8 Purchased 2 000 units of goods from Perry on credit. The unit list price and trade discount were \$36 and 5% respectively.
- 10 A customer, Suki, purchased 220 units of goods at \$55 each by cheque.
- 15 A customer, Susan, purchased 1 800 units of goods on credit at \$54 each. She would receive a cash discount of 4% for settlement within 15 days.
- 20 Susan returned 300 units of goods purchased on 15 March.
- 24 Susan settled the outstanding amount by cheque.
- 25 Paid \$12 300 operating expenses for March in cash.
- 31 Paid carriage inwards of \$2 700 for March by cheque.

#### **REQUIRED**:

- (a) Prepare a three-column cash book for the month ended 31 March 2021. (6 marks)
- (b) Prepare an income statement for the month ended 31 March 2021.

(6 marks)

(Total: 12 marks)

. 5. Tracy operates a business as a sole trader. The account balances as at 1 April 2020 are extracted as follows:

|                   | \$      |     |
|-------------------|---------|-----|
| Trade receivables | 25 00   | )() |
| Trade payables    | . 16 00 | )0  |
| Inventory         | 22 00   | )() |
| Bank              | 355 90  | )() |
| Cash              | 49 60   | )0  |

Information relating to the transactions made during the year ended 31 March 2021 is as follows:

- (i) All sales and 75% of purchases were made on credit. All goods were sold at a uniform mark-up of 200%.
- (ii) Total sales amounted to \$320 000.
- (iii) Credit notes issued amounted to \$5 600.
- (iv) Except cash purchases, all receipts and payments were made through the bank as shown below:

|                                 | ۵<br>۵  |
|---------------------------------|---------|
| Receipts from trade receivables | 298 000 |
| Payments to trade payables      | 80 000  |
| Payments for operating expenses | 150 000 |

(v) Ken is both a customer and a supplier of Tracy. On 25 March 2021, they agreed to set off \$320 in the trade receivables account against the trade payables account in Tracy's books.

ሰ

- (vi) The physical inventory count took place on 6 April 2021 and the amount of inventory was \$34 000. From 1 April to 6 April 2021, goods with a cost of \$15 000 were sold, goods amounting to \$13 000 were purchased and returns outwards were \$2 000.
- (vii) A warehouse was rented for storing goods at a monthly rental of \$7 500. The bookkeeper had overlooked this and the rental for March was paid in April 2021.

#### **REQUIRED:**

Prepare:

| (a) | the trade receivables account for the year ended 31 March 2021.                | (3 marks) |
|-----|--|-----------|
| (b) | a statement to calculate the total purchases for the year ended 31 March 2021. | (3 marks) |
| (c) | the trade payables account for the year ended 31 March 2021.                   | (2 marks) |

(d) a statement to calculate the working capital as at 31 March 2021 by listing the components of total current assets and total current liabilities. (4 marks)

(Total: 12 marks)

6. Macy Limited manufactures three products: X, Y and Z. The company keeps no inventory of materials and completed goods. The budgeted figures for the coming quarter are as follows:

| Product                                    | Note | X         | Y         | $\mathbf{Z}$ |
|--|------|-----------|-----------|--------------|
| Sales quantity (units)                     |      | 240 000   | 120 000   | 20 000       |
| Direct labour hours required per unit      |      | 0.2 hour  | 0.15 hour | 0.1 hour     |
| Unit contribution margin                   |      | \$2.7     | \$2.45    | \$4.2        |
|  |      | \$        | \$        | \$           |
| Sales                                      |      | 2 400 000 | 1 320 000 | 340 000      |
| Costs:                                     |      |           |           |              |
| Direct materials                           |      | 600 000   | 420 000   | 160 000      |
| Direct and indirect labour                 | (i)  | 1 060 000 | 460 000   | 140 000      |
| Fixed and variable manufacturing overheads | (ii) | 480 000   | 390 000   | 80 000       |
|  |      | 2 140 000 | 1 270 000 | 380 000      |
| Profit / (Loss)                            |      | 260 000   | 50 000    | (40 000)     |

Notes:

(i) Direct labour cost is budgeted at \$20 per labour hour, whereas indirect labour cost is fixed.

(ii) Budgeted total fixed manufacturing overheads for the coming quarter was \$456 000, which would be allocated to products X, Y and Z on the basis of units sold.

#### **REQUIRED:**

(a) Calculate the following for Macy Limited for the coming quarter: (5 marks)

- (1) the total indirect labour cost, showing the amounts to be shared by products X, Y and Z respectively.
- (2) the fixed manufacturing overheads to be allocated to products X, Y and Z respectively, basing on the budgeted total amount in note (ii) above.
- (3) the unit variable manufacturing overheads for products X, Y and Z respectively.

The marketing manager proposed discontinuing the production of Product Z and switching the capacity to produce an additional 10 000 units of Product X.

- (iii) Increasing the production of Product X would decrease its selling price by 2%.
- (iv) A worker earning \$12 000 per month would be laid off after the discontinuation of Product Z. Direct labour cost per unit of Product X would increase by 1%.
- (v) Based on the budgeted total amount in note (ii) above, 38% of the fixed manufacturing overheads allocated to Product Z would be saved.

#### **REQUIRED:**

- (b) If the above proposal is accepted,
  - (1) calculate the unit contribution margin of Product X. (2 marks)
  - (2) prepare a statement to calculate the total profit or loss for the coming quarter. Start with the total contribution margins of Product X and Product Y. (4 marks)
- (c) Briefly explain whether Macy Limited should accept the above proposal.

(Total: 12 marks)

(1 mark)

#### SECTION C (20 marks, weighting 25%)

Answer **ONE** question in this section.

7. The trial balance of Holly Limited as at 31 December 2020 is shown below:

|   | \$        | \$        |
|---|-----------|-----------|
| Purchases and Sales   | 2 736 000 | 4 080 000 |
| Debenture interest  | 18 000    | •         |
| Rent and rates  | 360 000   |           |
| Salaries  | 190 000   |           |
| Office equipment  | 1 970 000 |           |
| Accumulated depreciation - office equipment, 1 January 2020 |           | 962 000   |
| Motor vans  | 980 000   |           |
| Accumulated depreciation - motor vans, 1 January 2020       |           | 528 000   |
| Inventory, 1 January 2020                                   | 119 000   |           |
| Bank  | 424 000   |           |
| Trade receivables and Trade payables                        | 1 577 000 | 598 000   |
| 2019 Final dividend   | 220 000   |           |
| 2020 Interim dividend                                       | 150 000   |           |
| Retained profits, 1 January 2020                            |           | 546 000   |
| General reserves  |           | 150 000   |
| 8% Debentures (maturity date: 30 September 2021)            |           | 300 000   |
| Application monies for ordinary shares                      |           | 180 000   |
| Ordinary share capital                                      |           | 1 400 000 |
|   | 8 744 000 | 8 744 000 |

Additional information:

- Based on the physical inventory count, the value of the inventory as at 31 December 2020 was \$135 000. It was discovered that some goods costing \$32 000 had been damaged and could be sold for \$26 200 only after having them repaired at \$2 200 in January 2021.
- (ii) In December 2020, goods invoiced at \$45 000 were sent to a customer on a sale-or-return basis. These goods had been marked up at 50% and recorded as credit sales. On 31 December 2020, the customer confirmed to accept 70% of these goods and return the rest in January 2021, but no adjustments had been made in the books for this.
- (iii) 100 samples were received free of charge from a supplier for promoting a new product. The samples had been recorded as a credit purchase and included in the closing inventory at the supplier's list price of \$70 each.
- (iv) With reference to the bank statement of December 2020, it was found that a credit transfer of \$36 500 from a customer to settle his account had not yet been recorded.
- (v) Depreciation on office equipment and motor vans is to be charged as follows:
  - Office equipment: 20% per annum using the reducing-balance method. Scrap value was estimated at \$125 000.
  - Motor vans: 25% per annum using the straight-line method on a monthly basis.

On 1 September 2020, a motor van had been totally scrapped in a car accident. However, no entries were made in the books. This motor van was purchased on 1 July 2017 for \$180 000.

A motor van which was purchased for \$160 000 on 1 April 2016 was still in use at the end of 2020.

- (vi) The debenture interest is payable on 31 March and 30 September every year.
- (vii) On 15 December 2020, application monies of 120 000 shares for the issue of 100 000 ordinary shares at \$1.50 each were received. The shares had been allotted on 31 December 2020 but no entries were made for this. The excess application monies were refunded on 6 January 2021.
- (viii) On 31 December 2020, the board of directors resolved to transfer \$100 000 to the general reserve.

#### **REQUIRED:**

- (a) Prepare for Holly Limited:
  (1) an income statement for the year ended 31 December 2020. (8 marks)
  (2) a statement to calculate the retained profits as at 31 December 2020. (3 marks)
  (3) a statement of financial position as at 31 December 2020. (7 marks)
- (b) In January 2021, Holly Limited declared a final ordinary dividend for 2020. Explain whether the company should record the final dividend as a liability of 2020. (2 marks)

(Total: 20 marks)

8. Wong and Wu were in partnership, sharing profits and losses equally. The trial balance of the partnership as at 31 December 2019 is as follows:

|  | · \$      | \$        |
|--|-----------|-----------|
| Capital – Wong                             |           | 800 000   |
| Capital – Wu                               |           | 300 000   |
| Current – Wong                             |           | 132 000   |
| Current – Wu                               | 147 000   |           |
| Net profit before appropriations           |           | 90 000    |
| Office equipment, net                      | 890 000   |           |
| Inventory, 31 December 2019                | 260 000   |           |
| Trade receivables                          | 315 000   |           |
| Trade payables                             |           | 225 000   |
| 10% loan from Wu (borrowed on 1 July 2019) |           | 40 000    |
| Bank                                       |           | 25 000    |
|  | 1 612 000 | 1 612 000 |

Subsequent to the preparation of the trial balance above, the partners discovered that the following items had not yet been recorded:

(i) Interest on drawings, 5% per annum:

Wong – withdrew \$150 000 on 1 May 2019 Wu – withdrew \$96 000 on 1 November 2019

- (ii) Interest on partners' capital for 2019, 6% per annum.
- (iii) Interest on the loan borrowed from Wu.

#### **REQUIRED:**

(a) Prepare the current accounts of Wong and Wu in columnar form for the year ended 31 December 2019. (4 marks)

On 1 January 2020, Chau was admitted to the partnership with the following arrangements:

- (iv) The office equipment was to be revalued at \$1 005 000.
- (v) An allowance for doubtful accounts of 2% was to be made.
- (vi) Goodwill was valued at \$160 000 but the goodwill account was not to be maintained in the books. Adjustments for goodwill between partners were to be made in the capital accounts.
- (vii) Chau brought in a piece of office equipment valued at \$150 000, together with additional funds by cheque so that his capital account would have a balance of \$400 000.
- (viii) The profit and loss sharing ratio of Wong, Wu and Chau is 3:3:2. Chau is entitled to an annual salary of \$50 000.
- (ix) Neither interest on drawings nor interest on capital is allowed for the new partnership.

#### **REQUIRED:**

- (b) Prepare the capital accounts of Wong, Wu and Chau in columnar form, to record the admission of Chau. (4 marks)
- (c) Give one reason why asset revaluation is necessary upon the admission of a new partner. (2 marks)

2021-DSE-BAFS 2A-10

During 2020, the partnership did not operate well and made a loss of \$284 000 before appropriations. The following account balances were extracted from the books as at 31 December 2020:

|                        | \$      |
|------------------------|---------|
| Office equipment, net  | 800 000 |
| nventory               | 168 000 |
| Frade receivables, net | 340 000 |
| Trade navables         | 250 000 |
| Bank                   | 379 700 |
| <i>a</i> 412-5         |         |

On 31 December 2020, the partners decided to dissolve the partnership. The relevant information is as follows:

- (x) The office equipment was sold at 16% below its net book value and a transportation charge of \$32 000 was deducted from the proceeds.
- (xi) Two thirds of the inventory was sold for \$100 000. Chau took over the remaining inventory at \$54 000 and paid the realisation expense of \$3 600 on behalf of the partnership.
- (xii) Total amount received from trade receivables was \$331 600.
- (xiii) Trade payables were fully settled, of which 40% was settled with a 5% discount.

#### **REQUIRED:**

Prepare:

- (d) the realisation account. (5 marks)
- (e) the partners' capital accounts in columnar form, showing the necessary adjustments for the dissolution. (5 marks)

(Total: 20 marks)

END OF PAPER

### Marking Schemes

This document was prepared for markers' reference. It should not be regarded as a set of model answers. Candidates and teachers who were not involved in the marking process are advised to interpret its content with care.

### **General Notes on Marking**

- 1. Teachers are strongly advised to conduct their own internal standardisation procedures using the marking scheme before the actual marking begins. After standardisation, teachers should adhere to the marking scheme to ensure a uniform standard of marking within the school.
- 2. The marking scheme may not exhaust all possible answers for each question. Teachers should exercise their professional discretion and judgment in accepting alternative answers that are not in the marking scheme but are correct and well reasoned.
- 3. In questions asking for a specified number of reasons or examples etc., if a student gives more than the required number, the extra answers should not be marked. For instance, in a question asking students to provide two examples, if a student gives three, only the first two should be marked.
- 4. The general guidelines for answers which are awarded 0 to 3 marks each are as follows:

. .

| 0 marks     | : | irrelevant or ambiguous answer  |
|-------------|---|---|
| 1 mark      | : | relevant phrases containing key words that answer the question  |
| 2 / 3 marks | : | a relevant point or answer with a brief explanation of the concept/key words and/or illustration of how it is related to the given scenario |

| -                        |   |           |         |

Working 1:

Closing inventory quantity =  $550 + (450 + 2\ 000) - (220 + 1\ 800 - 300) = 1\ 280$  units

Unit cost (Weighted average cost method) =  $(\$16\ 500 + \$14\ 400 + \$68\ 400 + \$2\ 700) / (550 + 450 + 2\ 000)$ = \$102 000 / 3 000 = \$34 per unit

Closing inventory = 1 280 units x 34 per unit = 43 520
